Dear Mrs. Wigdahl:

We received your welcome letter in regard to the Regenberg family tree you are working on, a lot of work to be sure.

Regarding the Fritz Regenberg family they lived one mile West 1 ½ miles north of Matlock on the east side of road.

I remember they had an Edison phonograph with a blue horn, as you realize I was quite small but made quite an impression. The family consisted of four children Edith, Mattie, Otto, and Frank. Mattie was the wife of Ude Uden. Later the three children moved to Rock Rapids. We did visit them there. To my surprise they had running water and electric lights.
