

*Regenberg Home Farm  
Currie, MN - 1936*

"Mattie Uden took care of your grandfather, Herman Regenberg, when he was on his death bed. I can remember that. Uncle Herman was a nice guy, but back then they didn't know what to do when one had cancer. Your grandmother, Alma, was having a struggle to do all the farm work when he was so sick, as I can recall."
